## ASTOR NOT ON BOARD.

Sisconett Wireless Station, Nantucket, Mass., April 18.—In reply to a query sent to the Carpathia early this morning, the wireless operator aboard the Carpathia said that Col. John Jacob Astor was not on board the Carpathia. He said he did not know whether Benjamin Guggenheim or Major Archibald Butt were on board.

Beyond ever the mystery of how the mammoth Titanic met her fate another mystery, evolved by the events of the last three days, forced itself to the front last night.

Although the rescue ship Carpathia was within the zone of wireless communication for hours during the night and both shore stations and relaying ships were able to obtain from her long lists of survivors among the steerage passengers and to send and receive numerous short messages from and to private individuals not a word of matter descriptive of the manner in which the steamer received her death blow, or how those on board the doomed liner comforted themselves in the face of impending doom reached the shore.

Giving the names of the survivors, the word of the world-wide interest demanded of the Cunard was that which revealed the long withheld secret of what took place on the Titanic.

But that word was not spoken. Neither was there any explanation from the surviving officers of the Titanic. From the Marconi office word came that repeatedly when the wireless working conditions were practically perfect, the Carpathia was asked for the information. One explanation advanced was that the wireless operator of the Carpathia was exhausted as a result of his three days' work at the key. But among the list of rescued on board the Carpathia is the second wireless operator of the Titanic.

Practically every attending circumstance in the transmission of news from the Carpathia goes to show that only 328 of the 616 cabin passengers of the Titanic are on the rescue ship.

The 282 first class passengers whose names have not appeared in the lists sent ashore yesterday by wireless must probably be considered as among the 1,312 lost.

Thousands of hopeful hearts were turned to despairing ones when the United States scout cruiser Chester sent word late to day that she had been in communication with the Carpathia and had asked repeatedly for the full list of the first and second class survivors and that the rescue ship reported that all the names had been sent. The remainder of 549 persons saved were steerage passengers or members of the crew.

The small remaining hope of the few who persistently refused to believe the worst rested to night on the faint possibility that the list of survivors, sent by wireless from the Carpathia, might not be complete. The fact that one new name came through late to day in a private message from the Carpathia was the basis of the hope that there might be slips enough in her wireless list to account for a few of those still unaccounted for. At the best, however, it appeared that it could be only an occasional one whose safety had not been reported through some error of compilation on the liner or of the wireless transmission.

## May Reach Harbor Tonight.

From the Carpathia, which was approximately 600 miles from New York this morning and which is expected, if she keeps up her rate of progress of 13 knots an hour, to reach the harbor by 8 o'clock tomorrow night, came a new report during the day as to the number of survivors on board. Through the Cunard Franchise, which established communication with the rescue ship, came a message which included this statement:

"She has a total of 705 survivors aboard."

could include a count of passengers only; disregarding the 109 or more members of the crew who may have been in the boats which the Carpathia picked up.

Communication was being made with the Carpathia to night through both the scout cruiser Chester and the shore wireless station at Sisconett. Through the Chester there began coming slowly the names of saved passengers from the third cabin of the Titanic.

## All Prominent Men Lost.

The very sending of these could but help confirm the fatal belief that there were no more names of first and second cabin passengers to send. And thus there was left hardly a possibility that the names of well known men, such as John Jacob Astor, William T. Stead, Lord Strathmore and the others of the most familiar list of notables could have been omitted in the transmission of names. During the early evening hours the communication of the Carpathia with Sisconett was for the most part devoted to the sending of private messages. The story of the Titanic's last hours aboard was not hinted at. Practically all other wireless business along the coast to night was suspended. The Marconi company early in the evening notified its stations at South Wellfleet, Sisconett, Sagaponack and Seaside to handle messages to and from the Carpathia exclusively.

All other commercial and government stations, the message read, "will cease transmitting while the Carpathia's business is being exchanged with the above mentioned stations."

Authorities differ as to the possibility of any of the drowned coming to the surface in such deep water.

## Landing of Survivors.

New York, April 17.—Every effort to facilitate the landing of the Titanic's survivors when the Carpathia docks at her pier in the North River tomorrow night or early Friday morning will be made by the immigration and customs authorities of the Cunard Line and New York police.

The plans were made known in various announcements to night. Customs regulations, it was announced, would be suspended and all aliens among the survivors will be immediately discharged by the immigration authorities to their friends and relatives as soon as they leave the ship, although such as may desire will be taken to Ellis Island and cared for.

The Cunard officials announced that they would permit on the pier only friends and relatives of the survivors, who will be admitted by a pass from the company's offices. No newspapermen will be admitted. Although government officials have enlisted the willingness of all newspaper representatives and relatives of the survivors to board the ship from revenue cutters before she reaches the dock, the Cunard officials indicated to night that this privilege would not be granted. In that event the full story of the great disaster except such details as may be received by wireless message while, probably will not be learned long after the Carpathia has docked.

Franklin MacVeigh, secretary of the treasury in a statement sent to Collector of Customs Loeb, announced that customs regulations would be waived, said:

"There is, however, no obstacle so far as the government is concerned to the boarding of the Carpathia by friends of survivors and by representatives of the press, provided the consent of the owners of the Carpathia is obtained. If the authorities of the Cunard line are willing that representatives of the press and relatives should board the Carpathia before her arrival, the department will, upon being so advised by the Cunard company, authorize the use of a cutter for this purpose, but thus far the Cunard company has taken the position that it will be impossible for any one to board the ship prior to her reaching the dock."

The Cunard officials stated to night that they expected that more than 1,000 passes would be issued to relatives of survivors.

The White Star officials announced that arrangements have been made between company, Commissioner of Immigration Williams and Mayor Gaynor for caring for the third class survivors in the city's municipal lodging houses. Those who are in financial distress or without aid from friends or relatives will be sheltered by the city, it was stated, unless they could obtain employment or other relief.

## Accident Insurance Loss.

New York, April 17.—Accident insurance companies in this country and England stand to lose approximately \$2,000,000 it was estimated to day as the result of the Titanic disaster. The "double liability clause" requires insurance companies to pay twice the amount of the death benefit where the policy holder loses his life while traveling on a public conveyance "propelled by steam or electricity." As soon as it is established that no survivors have been picked up, claims will be paid without delay, it was announced.

## NEAR SCENE OF DISASTER.

Captain of Liner Communicated With Titanic Sunday Night.

Halifax, April 17.—The steamer Parisian, the Allan liner which left Monday and was near the scene of the Titanic disaster, the fact arousing hopes, until a denial was received from her, of her having survivors of the Titanic on board, entered Halifax harbor at 7 o'clock this evening. Captain Haines, when communicated with, reported that at 10:30 (Parisian time) on Sunday night she was in communication with the Titanic, being 150 miles distant. The Titanic was then safe. The operator on the Parisian retired soon after and nothing was known of the disaster until Monday morning.

The weather on Sunday night was clear and starlight. It is the belief that the Titanic struck a low-lying iceberg, not more than 10 feet out of water and 70 feet submerged. With the ship going at high speed such a berg would rip the bottom open as far as the engine room.

## Insufficiency of Boats.

London, April 17.—The plans indicate that the Titanic should carry lifeboats to accommodate 200 persons. Each of the 18 life boats on the drawing is to carry fifty-three passengers. There is not evidence on the plans to show that the Titanic carried any collapsible boats or rafts, her life boats putting her barely within the board of trade regulations. The public has now begun to realize that lives have been sacrificed through an insufficiency of boats.

The managing director of the White Star and Engineering company has issued a statement that the Titanic carried fourteen life boats and two cutters, but was equipped with davits capable of handling double or treble the number of boats carried. The owners adopted this plan, he says, because it was rumored that changes were to be made in the near future in the official regulations which would compel the carrying of more boats. He concluded: "Additional boats for the accommodation of every soul on board might have been installed practically in a single day."

No Information.

New York, April 17.—The following wireless dispatch which was sent from the Scout Cruiser Salem to the Carpathia was read at Brooklyn navy yard tonight:

"President of the United States is very anxious to know if Major Butt, Mr. Miller and Mr. Moore are safe. Please inform me so I can transmit to him."

"Chandler."

At 10:23 o'clock the cruiser Salem had received no reply.

## Lee Fields Bad.

St. John, April 17.—Three trans-Atlantic liners which arrived here to day, reported the lee fields off the New Foundland banks as the worst ever seen.

The vessels were the Allan liner Corsican from Liverpool, the Hamburg-American line steamer Plin from Bremen and the Canadian liner Montrose from London and Antwerp. The Corsican reported that she and four other big steamers were all forced to stop in an immense lee field Thursday night. Several large bergs were close.

The steamer Disappeared several bergs which were more than 200 feet high. Even larger bergs were seen to the south.

## Refuse to Answer.

New York, April 18.—A wireless message picked up at 2:35 o'clock this morning by the Brooklyn navy yard sent to the scout cruiser Salem to Sisconett said:

"I can read the Carpathia but he won't take anything from me."

The Brooklyn operator said he also heard the Salem tell Sisconett that he had sent President Taft's message concerning Major Archibald Butt to the Carpathia but that the operator on board the Cunard would not give him an "O. K." for it.

CARRYING OUT  
PREFERENCE

DELEGATES CHOSEN TO NATIONAL  
REPUBLICAN CONVENTION

Forty-eight Instructed For Roosevelt and Two For Taft—Men Who Will Represent Various Districts Elected at Conventions Held Wednesday.

Chicago, April 17.—Carrying out the preference shown at the recent primaries Republicans in congressional districts in Illinois elected delegates to the national convention to be held in Chicago. The result was 48 delegates instructed for Col. Roosevelt and two for President Taft. The two delegates for President Taft were elected in the fifth district, in Chicago, and the primary preference in the 18th district, Len Small of Kankakee, known as the Loumer candidate for governor in the primaries, was instructed for Roosevelt.

It is expected that the eight delegates at large to be chosen at the state convention at Springfield on Friday will be instructed for Roosevelt.

Most of the Democratic delegates will be elected during the convention at Peoria on Friday.

## McKinley's District.

Champaign, Ill., April 17.—Republicans of the nineteenth congressional district meeting in the home town of Congressman W. B. McKinley this afternoon heartily endorsed the candidacy of Theodore Roosevelt and elected W. L. Chelabarger, of Decatur and Judge E. J. Hawbaker of Monticello delegates to the national convention with instructions to vote for Roosevelt. C. E. Haynes of Coles county and John Chadwick of Douglas county were elected alternates. C. D. Thomas of Champaign was recommended for elector.

## Twenty-first District.

Springfield, Ill., April 17.—Twenty-first district delegates to the Republican national convention: Senator Logan Hay, Springfield; Representative Walter M. Provine, Taylorville. Instructed for Roosevelt.

Twenty-first district Democratic congressional convention endorsed Clark for president. No delegates chosen.

First district—M. B. Madden and P. Brady.

Sixth—H. K. Galpin and Allen S. Ray.

Ninth—R. R. McCormick and P. J. Upham.

Twenty-fourth—J. Barker and Randolph Smith.

Fourth—T. J. Healy and A. C. Leiser.

Second—J. N. Powell and J. J. Hanover.

Fifth—C. J. Hapwell and W. J. Cooke. Instructed for Taft.

Delegates to the Republican national convention chosen today:

Third district—C. W. Vail and W. H. Weber.

Seventh—Abel Davis and D. A. Campbell.

Eighth—L. H. Holmes and J. F. Devine.

Tenth—E. C. Copley, John Lambert.

Twelfth—F. E. Sterling and H. N. Johnson.

Thirteenth—J. W. Cowley and J. T. Williams.

Fourteenth—F. G. Allen and W. J. Graham.

Fifteenth—H. E. Brown and C. E. Snively.

Sixteenth—E. N. Woodruff and Cairo Trimble.

Seventeenth—G. J. Johnson and Frank B. Sills.

Eighteenth—Len Small and J. L. Hamilton.

Twenty-second—E. E. Miller and Henry J. Schmidt.

Tenth—James Pease and J. E. Wilder, all of whom are instructed for Roosevelt.

## No Delegates Chosen.

Decatur, Ill., April 17.—Nineteenth district Democratic convention delegates after a session this afternoon decided not to name or endorse a national delegate. Appointment will be left to a caucus before the state convention.

## UNDERWOOD DELEGATES.

Montgomery, Ala., April 17.—Alabama's 48 delegates, representing 21 votes in the Democratic national convention, were instructed to vote for Oscar W. Underwood until a nomination for president shall be made by the state convention here to day.

## CALLAHAN'S FIRST SHIFT.

Chicago, April 17.—Before leaving for St. Louis to night Manager Callahan of the Chicago American league club announced that Matt McIntyre, veteran outfielder, would replace Walter Mattick, a recruit, in right field. This is Callahan's first shift in the line-up since the opening of the season. Mattick will be retained as utility outfielder.

RELY ON SUPPORT  
OF PARTY BOSSES

CHARGE MADE BY ROOSEVELT  
AGAINST TAFT MANAGERS.

Says Men Who Stand for What Is Worst in Politics Are Back of President in Campaign for Re-nomination.

Omaha, Neb., April 17.—"It is not a nice thing to use evil instruments in order to do dirty work," said Col. Roosevelt in an attack to night upon supporters of the Taft administration. "It is an even less nice thing to throw the evil instrument aside when they are broken, and loudly make believe that they are not intentionally used."

Col. Roosevelt charged that the president's manager "with the help of his acquiescence of Mr. Taft," were relying solely upon the support of the bosses who stand for what is worst in our political life.

"There is not one state out of ten in which Mr. Taft would have any chance if the vote were left to the people themselves," he asserted. Later on he said:

"Outside of the delegates that represent either the unscrupulous use of patronage or else sheer fraud, Mr. Taft's strength would be trivial and indeed negligible in the present contest."

"To profit by wrong doing," he added, "is hardly better than actually to do wrong, and the administration is seeking to profit by this wrong doing."

Col. Roosevelt's speech was delivered in the auditorium here at the end of his first day's campaign in Nebraska. It was a raw, forbidding day, with a sprinkle of snow in the morning, but there were crowds of good size wherever Col. Roosevelt spoke.

Col. Roosevelt said that Senator Lorimer and Senator Penrose recognized in Mr. Taft "the kind of a progressive whom they are willing to 'step to their hearts'."

"The Taft delegates in southern states represent nothing whatever but federal office holders and they have even the shadow of a party behind them," he said. "Yet it is upon these states and upon abolition swindling in states like Michigan, Colorado, Indiana and Kentucky and in the city of New York that Mr. Taft's whole strength rests."

"There is one feature of the attitude of administration toward the bosses which is truly comic. When a boss delivers a state to the Taft side, then no matter how outrageous his conduct no matter how grossly fraud, the administration has not a word of condemnation to utter. But when the boss fails, the spokesman of the administration makes haste to reprimand the man against whom they have had not one word to say while they hoped he was successful."

Referring to President Taft's recent statement that in advancing his proposals in regard to the courts he was "playing an impious hand on the ark of the covenant," Col. Roosevelt said:

"I hold that this pretended alarm about the independence of the judiciary is itself the vilest sham."

## APRIL SNOW STORM.

Burlington, Vt., April 17.—The worst April snow storm for years is falling at Burlington tonight.

## WEDNESDAY IN CONGRESS.

Senate.

Secretary Fisher urged, before the lands committee, legislation creating bureau of national parks.

Los Angeles delegation urged improvement of Los Angeles outer harbor at cost of \$320,000.

BATTLE OF WORLD  
HEAVY WEIGHTS

FINAL PLANS FOR STAGING THE  
MATCH MADE.

Johnson and Flynn Contest for Honor at Las Vegas, N. M., July 4—Legislature Passed Prize Fight Bill.

Chicago, April 17.—Jack Johnson and Jim Flynn will fight 45 rounds for the world's heavyweight championship at Las Vegas, N. M., on the afternoon of July 4, according to an announcement made to night by Jack Curley, promoter of the contest. Final plans for staging the match were made here to day.

"I received a bonus for bringing the fight to Las Vegas," said Curley, "but it wasn't big enough to talk about. The bonus merely will cover the cost of constructing the arena."

Work on the arena, Curley said, would begin on May 1st. Both Flynn and Johnson have agreed to be on the scene of the contest a month before the fight. Curley said Johnson already had begun light training, and that Flynn would start active work as soon as he finished his theatrical engagements.

## Santa Fe, N. M., April 17.—The house to day passed the Tripp prize fight bill by a vote of 29 to 17. The measure permits 45-round contests, which legalizes the proposed Johnson-Flynn fight at Las Vegas July 4.

IOWANS REFUSE  
TO ENDORSE TAFT

Action Taken in Face of Senator Kenyon's Statement That Lorrimerism Has no Greater Enemy Than the President.

Fort Dodge, Ia., April 17.—Despite the protest of Senator W. S. Kenyon, the Iowa district Republican convention here today refused to endorse the administration of President Taft by a vote of 157 to 26. Senator Kenyon in his speech declared that "Lorrimerism" had no greater enemy in the United States than President Taft.

"However men may differ from the president," said Senator Kenyon, "I think it is his duty, from knowledge of the Lorrimer case and his attitude toward it, to raise his voice in protest against any attempt on the part of the Republicans to couple the Lorrimer interests with the Taft interests. I think Lorrimerism has no greater enemy in the United States than President Taft."

## INSURGENT WOODMEN.

Elkhart, Ind., April 17.—Several hundred "insurgent" members of the Modern Woodmen of America, representing various Illinois camps, convened here to day in what was claimed to be a state convention, called in opposition to any upward revision of insurance rates.

## Will Enforce New Rates.

Rock Island, Ill., April 17.—Referring to the Elkhart, Ill., meeting of Modern Woodmen today to protest against the enforcement of the new rates adopted by the head camp held in Chicago last January a statement was issued today from national headquarters of the society in this city, said:

"The new rates will be enforced as enacted by the head camp. The membership of the society as a whole, is giving the management its loyal support. Political opposition to the officers of the society has fixed upon this rate question as a popular issue."

"The only possibility of the new rates not being enforced as adopted by the society's supreme governing body, lies in the legal proceedings now pending at Springfield, Ill. The whole question will be threshed out in the courts at an early date, and the society looks for a victory."

"There will be no compromise with these discredited elements led by self-seeking politicians. The society's interests are entirely safe."

## THREE-MEETING CALLED.

Davenport, Iowa, April 17.—A meeting of the Three-I league has been called to be held at Decatur, Ill., at noon Friday for the purpose of adopting a new playing schedule for 1912. It is understood there will be three schedules up for action, one of four trips drawn up by James T. Hayes of Davenport, another of four trips drawn up by Wilson Dillingham of Decatur, and a third of three trips by P. Pierce of Bloomington.

## CONFERENCES FAIL TO AGREE.

Washington, April 17.—The failure of the conferences of the two houses of congress on the resolution providing for the popular election of United States senators to reach an agreement was announced to the senate today by Senator Clark of Arkansas, who said he would bring up the matter in the senate next Tuesday. An effort will be made to have the senate recede from its amendment providing for federal control of senatorial elections.

## PATENT AGREEMENT.

Indianapolis, Ind., April 17.—By a vote of 109,709 1/2 to 32,139 1/2 members of the United Mine Workers of America in the bituminous coal field have ratified the Cleveland wage agreement according to announcement to night. The 241,500 soft coal miners may return to work within a week. The vote holds until March 31, 1914. The miners obtain five, four and a cent increase a ton mined and an increase of 5.25 per cent on other work.

ACTION TAKEN  
BY CONGRESS

INQUIRY STARTED INTO TITANIC  
CATASTROPHE.

Bills and Resolutions Introduced to Prevent Repetition of Great Marine Disaster—Text of Measures Acted on and Presented.

Washington, April 17.—Congress acted swiftly to day on the Titanic catastrophe.

Bills and resolutions designed to prevent repetition of the disaster off the New England banks poured into both houses.

The senate agreed to a resolution directing a thorough investigation by the commerce committee into the cause leading to the wreck with particular reference to the inadequacy of life boats. This resolution, the first introduced in the senate, presented by Senator Smith of Michigan, who ranks next to the chairman of the commerce committee, was passed by unanimous consent in one hour and twenty minutes.

Senators Martine of New Jersey and Perkins of California, the latter chairman of the naval affairs committee, also introduced bills.

Senator Martine proposed that the president be advised that the senate would favor treaties with other nations to regulate the safety of ocean craft and their passengers and crew.

Senator Perkins' resolution provided for the equipment of steamers with life saving apparatus. It would require that every steamer shall have a sufficient number of watertight life boats to carry at "one time every passenger and every member of the crew; that it shall not clear any port without so certifying to the several supervising inspectors who would determine the character of such equipment, but would have no discretion whatever as to the number of life boats which would be determined solely by the actual capacity to carry all aboard."

The Perkins resolution even prescribed that the life boats would have not less than three cubic feet of displacement for each person. The Martine resolution was referred to the foreign relations committee and the Perkins resolution went to the commerce committee.

The house committee of merchant marine will shortly take up the many bills and resolutions which have been introduced bearing on the Titanic disaster.

Representative Alexander of Missouri, chairman of the committee, introduced two resolutions to day. One would direct the president to invite the war-time nations of the world to appoint members of an international commission to define ship lanes and routes, the other calls for a patrol of the North Atlantic.

Representative Sulzer of New York, chairman of the foreign relations committee, offered a joint resolution identical with the senate resolution introduced by Mr. Perkins.

The Perkins-Sulzer provisions would require one life boat for each person aboard. They would also make it a felony with heavy penalty for any captain, executive officer or president general agent of a ship corporation knowingly to permit a vessel to sail from the United States without full life saving equipment.

## NEW BASEBALL LEAGUE.

Managers for Eight Clubs Have Been Selected.

Chicago, April 17.—William C. Niesen, owner of the Chicago franchise in the new United States baseball league, returned to day from a league meeting held in Pittsburgh yesterday, and announced that managers for the eight clubs had been selected. Play in the new organization will begin May 1. Following is the list of managers:

Chicago—Bert Keefeley.  
Cleveland—Jack O'Connor, formerly manager of the St. Louis Americans.

Pittsburg—"Deacon" Phillippi, formerly a pitcher for Pittsburg.

Washington—George Brown, formerly with the Chicago and New York Nationals.

Richmond—E. C. Langstaff.  
Cincinnati—Hugh McKennon.

Reading—Leo Groom.  
New York—William Jordan.

Niesen said that none of the players in organized baseball would be tampered with, but that the teams would be recruited from college and independent teams.

## CORN PRICES HIGH.

The price of corn has gone up so in Chicago and other markets that local dealers are now paying farmers 75 cents a bushel.

WEATHER INDICATIONS  
AND TEMPERATURES.

Washington, April 17.—For Illinois: Clouds Thursday, preceded by rain or snow in north; Friday cloudy.

### WAS WRECKED AT SEA.

Charles Flanders Recalls Time When Schooner on Which He Sailed Went to Pieces on the Rocks.

The news of the terrible disaster which happened to the Titanic has brought vividly to the mind of Charles Flanders an experience of his thirteen years ago.

Mr. Flanders, who is now a superintendent for the James Stewart Construction company, was at that time in the British Merchant Marine and the schooner Henrietta, on which he was sailing was wrecked off Cape

Spear, about two hundred miles from where the Titanic went down. The schooner was one of many which was employed in the work of buying up fish and carrying them to the great fish markets. The Henrietta left Garbush on Fortuna Bay for St. Johns and was caught in a terrific storm between Cape Race and St. Johns. The season of storms had supposedly passed and many schooners were out at sea engaged in the fishing work. However after a day of unusual calm a storm broke suddenly and the Henrietta went to pieces on the rocks. The crew of fourteen men escaped to life boats about 11 o'clock at night and at 3 o'clock the next afternoon after hours of anxious battling with the waves they were picked up by a whaling vessel which had put out to sea to give aid to wrecked mariners. As a result of that storm forty-seven schooners and other craft were wrecked and over three hundred sailors were drowned. One of the most dangerous of reefs along the coast is off Cape Spear and countless vessels have been disabled there. Mr. Flanders spent three years or more as a sailor and so has not only seen a good deal of the world, but is also well posted in maritime affairs.

### WILL BUILD HOUSES.

William Farrington has the contract for building two residences on West College avenue for the Reynolds heirs. The old Reynolds house will be torn down and the brick will be used in the foundations of the new houses, which will be eight rooms in size and modern in every way. The old home is situated in the middle of the lot and as the building line has changed in recent years it was far back from the street and the executors decided that the best way to handle the property was as indicated by the buildings plans.

### SUIT COMMENCED.

A suit was filed Wednesday in the circuit court by Bellatti, Barnes & Bellatti with John Tendick as complainant against J. W. Gunn, Claude Gunn and Mary Gunn, confession.

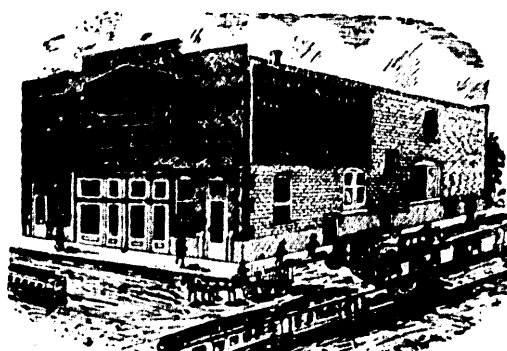

Miss Hulda Faugust was confined to her home Wednesday by tonsillitis.

## Japanese . Crab . Meat

The strangely delicious flavor of the Orient, the distinctive flavor and the remarkably attractive appearance makes it ideal for luncheons, entrees or suppers. As these crabs are caught alive and packed immediately they are absolutely a pure food. As no ordinary crab compares in taste with the Japanese crab meat, so also ordinary crabs do not compare with them in appetizing appearance,

## FIND LIMESTONE OF GREAT DEPTH

Possibility That Finding Will Stop Drillers for Oil on Brown Farm—Renewed Activity Looked for Soon in Oil Region.

With the advent of spring, it is expected that a large number of oil men will return to the city to begin operations. At present the only machinery at work is that of L. B. Finney on the Brown property, one-half mile south of Brown's Crossing. This well was started some three weeks ago and the drill is down now to 850 feet. At a depth of 390 feet a slight showing of gas was found, but no trace of oil. The drillers have gone through about 150 feet of limestone and the work has been slow, only ten feet being accomplished each day. Nine hundred feet will perhaps be the extent of the present well. It is the opinion of those who are acquainted with the formations of the earth in this section that the workmen have struck what is known as the Mississippi lime stone bed, one of the greatest in the world. It has been known to have a thickness of 1,500 feet. At a depth of 2,000 feet Trenton rock is struck and below this point oil is sometimes found in great abundance. Such a well was sunk in Carlville, however, during the past year, which proved to be a duster.

W. C. Parks of Ballisville, Okla., who was a member of the drilling firm of Parks and Finney, arrived in the city Wednesday for a brief business trip. He closed a deal yesterday with L. B. Finney, who acquires considerable of the paraphernalia. Mr. Parks reports that there is marked activity in the Oklahoma oil fields and that large quantities of oil are being found. Mr. Parks does not expect to return to Jacksonville with his family unless the finding of oil should warrant it.

**Oil for Fuel.** There appears to be a steady growth of the use of oil for fuel and various firms are figuring if they can afford to still use coal. Germany and England are both looking forward to the time when they will construct vessels which only use fuel oil. In a recent discussion before the Naval Architects of England, Sir Marcus Samuel said the oil-engined vessels in existence demonstrated that those when went on building steam engines with the knowledge now afforded would be only courting director. He assured his audience that his company, which possessed seventy vessels, would never build another steamer.

China has been making some experiments along the fuel line. They experimented on two motor boats, carrying nine passengers each. The engines on these boats are reported to consume from 15 to 17 cents worth of oil per hour, when running at full speed, or \$1.58 per day, as compared with an expense of \$5.40 a day for coal on other vessels of the same size.

**FRANCE SELLS EGGS CHEAP.** A New York commission man, to whom W. R. Brittenham sells produce, has written Mr. Brittenham that 1,320 dozen eggs were shipped to New York from France and sold for 19 cents a dozen. The cost of cases, freight and commission had to come out of the 19 cents and it is hard to see how the French shipper made any money. Illinois eggs sell for 20 and 22 cents a dozen in New York.

**EAGLES INITIATE.** At a regular meeting of the local acie of Eagles held Wednesday night the following were initiated into the order: Edward Jackson, Elmer Day, W. W. Walters and Walter DeShara.

J. J. Wintler of Roodhouse was a Wednesday business visitor in Jacksonville.

### AT SOCIALIST HALL.

Oscar Ameringer, of Oklahoma City, lectured on "Social Evolution" at Socialist Hall last night to a large audience. He showed the constructive process by which society had been developed and that every charge made was in advance of all preceding forms.

The speaker gave a graphic description, interspersed with wit and humor, of the method used to bring about social changes that were in conformity with the progress of Mechanical and Industrial development. Every change in society was said to be constructive in process and beneficial in results. The speaker said that "Society" had formed the habit of going forward and that to attempt to return to the "good old days of Jefferson" or any other of the illustrious predecessors of the race was an implied admission of the superiority of the primitive tools that were used by society in an early age, over those of the present time.

Mr. Ameringer gave a thorough outline of the Socialistic idea of Social evolution, saying that governmental reconstruction follows industrial change as an expression of the ruling class to protect themselves in the ownership of the tools of industry by which they are able to confiscate the product of the workers. Economic inequality, lack of opportunity, the dependence of one man upon another, all of the unnatural conditions that furnish the various elements of the class conflict, all he said were caused by the private ownership of the means of life; the ownership by one man of the things which others must use to live. The trust being the greatest of all labor saving machines and those on the inside being satisfied with it, the only logical thing to do was to take possession of the trust and get on the inside.

Mr. Ameringer seemed to both please and instruct his audience.

## PETITIONS GRANTED TO LAY SIDEWALKS

Property Owners Made Request of Village Board of South Jacksonville—Canvas of Election Returns—Treasurer Taylor Gives Bond.

The regular meeting of the village board of South Jacksonville was held Wednesday night. The meeting was called to order by President Weber and roll call showed all members present except Trustee McGinnis.

Several petitions were presented for the construction of concrete sidewalks, among them Miss Martha Landreth, who asked the board to give her a made in order that a concrete sidewalk five feet in width might be laid in front of her property on South Main street. A petition was also presented by George Albrecht for the construction of a sidewalk in front of his property on Pennsylvania avenue. These petitions were granted and the street and alley committee will see that the work conforms to the specifications in Ordinance 17. There was a general discussion relative to sidewalks and it is probable that the entire grade line will be made to the Vandavia road at the time of making that for the Landreth property.

At the last meeting, the clerk, C. W. Boston, was asked to give figures relative to the receipts and expenditures of the board, up to the present time. There has not been a great deal of money to handle but now as the tax money is coming in the board will have more funds to utilize.

C. Rings Taylor, the recently appointed treasurer, presented his bond of \$25.00, which was approved. It was signed by J. Frank Heintz and Arthur L. French. The office of treasurer is appointed by the president of the board and Mr. Taylor was sworn in at the last meeting.

A report of the street and alley committee was given by Trustee O. B. Heintz. He related what had been done in the way of grading and of other things which he thought would be beneficial, if carried out. He also gave a very comprehensive account of the recent lecture in the city by Dr. Ward King on "Good Roads."

A canvas of the returns from the recent election was made and the figures were the same as those mentioned in Wednesday's Journal. The members of the board will be sworn in at the next regular meeting which will be held Wednesday evening, May 1.

Several other matters of business pertaining to the corporation were discussed and a number of bills were allowed.

### New Field For Women Work

The woman who feels the attraction of photography will be glad to hear of an opening which, if not exactly new, is more or less unknown to the average woman worker.

To begin with, a knowledge of practical photography is essential for those who want to become expert lantern slide makers as, for instance, of developing and developing, for "it is not enough to be able to expose and develop a slide. The operator must know precisely what effect she is aiming at and just what developer will suit her purpose." Among the points for recommendation of this work are the following:

"There is no limit of age for this work, but it is essential that a lantern slide colorist should possess good eyesight and steady, sensitive hands. Indeed, it is apparently work peculiarly suitable for women." Like most other arts, it requires great concentration, skill and pleasure in the work, and also, like the others, rebuffs will probably be many before any measure of success is attained. Though women are often employed by lantern slide makers, few have taken up the work on their own behalf, and yet it is obvious that more and more of this method of illustration is being used for amusement, for instruction, for scientific purposes and for advertisement. There is no limit to its scope.

Lantern slide coloring should offer special opportunities to women, for it requires a delicacy of handling and a keenness of artistic perception which are more usually met with in women than in men, and to the woman who possesses a talent for painting, coupled with these necessary qualifications, the work becomes absorbingly interesting.

### They Will Hobble

That high heels and hobble skirts are responsible for a large proportion of the injuries sustained by women while getting on and off trains and mounting and descending stairways in stations is the conclusion reached by the Pennsylvania railroad after an investigation covering three months, in which seventy-three such cases were recorded.

The injuries ranged from slight contusions to painful sprains and cuts. Typical of the causes set forth in the report are: "Heel caught on step of coach and tore off. High heel caught while descending stairs; wore hobble skirt."

## Y. M. C. A. OUTING CLUB

Schmuk Wabs Held Business Session and Laid Plans for Summer Camp. The members of the Y. M. C. A. outing club, better known as the Ancient Order of Schmuk Wabs, held an important and enthusiastic business meeting Wednesday evening at the association building to consider plans for the annual camping expedition.

Robert Capps, the president, called the company to order and explained the purpose of the gathering. After roll call, Lance Waterfield, the secretary, made a report on the organization and the general conduct of the camp last summer. He also reported for a committee on boats, stating that several canoes were in process of construction and that the supply of good boats would be sufficient to meet the need and desires of the camp. He said also that the intention was to make arrangements to get a large fishing scow for use of evenings.

The club voted to rent a cottage to sleep in and appointed Harry Walker and H. A. Hrover as a committee to attend to this matter. The boys also decided to take a cook along to prepare the meals. This, however, will not eliminate the usual meal squads, who will be expected to give assistance. Letters were read from Frank Buzza, who is now touring Canada, and Fred Dohi of Oberlin university, stating that they would both be in camp this summer again. The time set for camp this season is June 5-15.

The meeting ended with the singing of several rousing camp songs.

Attend M. P. L. dance, M. W. A. hall, Thursday night. Men 25c, ladies free.

### Dickens and a Face Ache

Dickens wanted to be an actor before he was an author. He would have been but for a face ache. When he was a lad and a lawyer's clerk he had attained a trial of his power of reproducing character and oddity before Matheus and Charles Kemble. But a face ache kept him at home, and soon after he "made a great splash" as a newspaper reporter. Thereafter he reproduced "character and oddity" on paper instead of the stage.

MARGARET ILLINGTON

Charles Kenyon, the author of "Kindling" in which Miss Margaret Illington will appear in this city on Friday, April 26, at the Grand Opera House in a new theme which he has given to the theater-going public after a season of worthless plays of the conventional type. Miss Illington, who won fame in "The Thief" is said to have come back better than ever and in her portrayal of Margaret Schultz and in the heights of emotionalism in which she is forced to rise amply justifies her being called the greatest emotional actress of our native stage. Miss Illington will be supported by the same brilliant company of players which made "Kindling" one of the real successes of the present season in New York and Chicago.

### DELEGATES NAMED BY REPUBLICANS

Dr. Glenn and W. W. Watson Will Go to National Convention—Instructed for Roosevelt on Col. Robertson's Motion.

The 20th congressional district Republican convention was held in this city Wednesday, Dr. J. A. Glenn of Ashland and W. W. Watson of Barry were chosen delegates to the national Republican convention, and T. S. Chapman of Jerseyville was named presidential elector. Elton A. Eldred of Carrollton was selected as an alternate for Dr. Glenn and Edward Wilson of Havana for Mr. Watson. On motion of Col. John R. Robertson the delegates were instructed to vote, first, last and all the time for Col. Roosevelt for president.

The convention was called for 12 o'clock, but it did not actually meet until nearly 3 o'clock. Some of the delegates came in on the early morning trains and others at noon. Nearly all took dinner at the Dunlap and there the caucuses of leaders and delegates were held. It was these conferences which occupied the time from 12 until the call to order came.

Col. John R. Robertson was an avowed candidate for delegate to the national convention and had the hearty endorsement of Morgan county, having been empowered by the recent county convention to name his own delegates. Col. Robertson had other support also for the honor he sought. However, after Dr. Glenn had been chosen and he and Mr. Watson were candidates for the remaining post, Col. Robertson withdrew in the interest of party harmony. Col. Robertson was justly entitled to the honor of representing the district and Morgan county also had a just claim in that respect. The first man in the district to declare for Roosevelt was Col. Robertson and as noted above he made the motion yesterday which binds the delegates to vote for Roosevelt. However, the Jacksonville man was willing to withdraw in order to keep things harmonious.

B. L. Dodds of Jersey county called the convention to order and V. L. Ridge of Kemper was named as chairman and S. E. Henson of Carrollton, secretary. The roll call showed all but Calhoun county represented and where a county did not have the full number of accredited delegates they were empowered to cast the full vote.

Among delegates who attended were the following:

Edwin Beggs, Ashland; C. W. Houghton, Petersburg; Elmer P. Hornback, Greenville; W. W. Watson and J. Kendrick, Barry; R. N. Anderson, W. S. Klea, I. A. Harbourn, E. R. Lake, Pittsfield; T. B. DuLake, New Salem; W. B. Green, Bluffs; S. Johnson, Siloam; J. A. Bond, Mt. Sterling; D. T. Galley, H. J. Green, Ashland; R. H. Mann, W. D. Garner, Virginia; W. K. Morz, Chandierville; Dr. W. H. Allen, Waverly; A. T. Burnham, Mason City; W. W. Spink, Havana; T. B. Bonham, Tehera; B. M. Taylor, Natrona; Homer J. Tice, Greenville; T. S. Chapman, V. Dodge, J. J. Wiseman, T. H. Chumley, J. N. Becker, Jerseyville; Robert Norton, Carrollton; C. E. Wells, Hillview.

The Morgan county delegates were W. L. Fay, T. O. Graves, Capt. J. E. Wright, G. L. Kimber, J. J. De Goveia, Frank Mawson, Stauch, Fernandez, J. M. Lombard, William Kastrop and James G. Fox.

### DEATHS AND FUNERAL

**Chumley.**  
Word has been received in the city of the death of Miss Mary Chumley, which occurred Wednesday morning at 9 o'clock at the home of her parents, Mr. and Mrs. J. T. Chumley at Milton, Pike county. She had been a sufferer for the past two years with cancer and last September underwent an operation at the Mayo Brothers' hospital at Rochester, Minn.

Miss Chumley was born in Searcy, White county, Arkansas, Nov. 18, 1880. She moved with her parents, in 1899 to Milton and in 1901 Miss Mary came to Jacksonville to make her home, having resided on West 11th street, where she owned property. While here she followed the occupation of a dress maker and had many friends who will learn of her death with much sorrow.

Besides her parents she leaves the following brothers and sisters: S. G. Chumley and T. C. Chumley of this city; Irwin Chumley of Milton; Mrs. Helen Smart of Pleasant Hill, Mrs. Ella Calender of Milton; Mrs. Elizabeth Johnston of Pittsfield, also her grandfather, W. L. Drake of this city and three uncles, Harry Drake of East St. Louis; W. A. Drake, of Mecca, Ark.; Jasper Drake of Jacksonville. She was also niece of Mr. and Mrs. William Farrington of this city.

The funeral services will be conducted this afternoon from the family residence in Milton and T. C. Chumley and Mr. and Mrs. S. G. Chumley will attend.

**James.**  
Charles W. James, one of the best known residents of Morgan county, died at 2:45 o'clock Wednesday morning at his home, 3 1/2 miles northwest of the city. Mr. James died suddenly from apoplexy. He had been in failing health for more than a year and at the time of his death had been under the constant care of a physician for several months.

Mr. James was born in this state June 19, 1852. He was married to Mary Isabella Jackson in Lawrence, Ind., December 19, 1872. To this union were born two sons, Lloyd N. and Clifford, who with the wife and five grandchildren survive. He is also survived by a brother, Wallace James, of Garland, Kan., a sister, Mrs. Henry Parris of Carthage, a half-brother, Robert Gledhill, of Jerseyville, and a half-sister Mrs. Hattie Berry of Oakland, Cal. Deceased had been successfully engaged in farming all his life, doing also a great deal of trading in livestock. He had a wide acquaintance throughout the county and served one term as county commissioner, being elected on the Republican ticket.

The funeral will be held at 2 o'clock Friday afternoon from the home, northwest of the city, and interment will be in Ebenezer cemetery.

**Bryant.**  
John Bryant, aged 40, died at 6 o'clock Tuesday evening, at the Jacksonville state hospital, where he had been a patient since April 9. He is survived by his wife. The remains were taken to the Reynolds' funeral parlors and were sent, Wednesday to Decatur, where funeral services will be held and interment will be made.

**Blue.**  
The funeral of Miss Isabel Blue was held at 2:30 o'clock Wednesday afternoon from the Second Baptist church, in charge of Rev. H. H. De Witte, the pastor. The church choir sang "Safe in the Arms of Jesus" and "Bye and Bye" and Misses Minnie Young and Cleota Dealy sang solos. The many beautiful flowers were cared by Miss Frances Brannon, Miss Grace Roberts, Miss Carrie Trumbolt and Mrs. J. W. Muse.

Interment was in Jacksonville cemetery and the bearers were Carl King, Carl Spencer, Eugene Nesby, Thomas Waggoner, Fred Waggoner and Herbert Hyatt.

### AN APPEAL FOR AID.

Flood Sufferers Must Have Assistance at Once.

Washington, April 17.—An appeal on behalf of the Red Cross for funds to aid the flood sufferers in the Mississippi Valley was made the public to day by President Taft, president of the society. The 25,000 persons temporarily homeless and dependent, Mr. Taft says, will soon be threatened with epidemics unless prompt measures are taken.

Typhoid, smallpox, malaria and other diseases threaten and must if possible, be prevented by prompt and vigorous measures," the president says.

Six hundred destitute are at Luna, Ark.; 1,000 each at Transylvania and Henderson, La.; 1,600 at Tallula, La.; 900 at Delhi, La., and 2,500 at Millikens, La. Almost all, including 1,000 at Vicksburg, are negroes.

### SKATING CONTESTS.

DEMOCRATS MET  
AT BEARDSTOWN

M. F. Dunlap and W. F. Crowe Chosen National Delegates at Congressional Convention—John Schulze is Presidential Elector—Congressman Rainey Made Address.

Beardstown, April 17.—M. F. Dunlap of Jacksonville and W. F. Crowe of Pike county were elected delegates from the twentieth district to the Democratic National convention in Baltimore at the Democratic congressional convention held here this afternoon. John Schulze of this city was named as presidential elector and H. T. Rainey of Carrollton was named as alternates to the national convention.

The delegates were instructed for Clark. Judge O. P. Thompson of Jacksonville, temporary chairman, and John McGrath of Jerseyville, temporary secretary, were made permanent officers of the organization.

Congressman Henry T. Rainey of Carrollton was present and made an address in which he thanked the Democratic party of this congressional district for the honor conferred upon him by his nomination at the recent primary election, spoke of the victory of the progressives, declared savings had been made by the abolition of useless offices, defended the free sugar bill and expressed a hope for Democratic success in the coming campaign.

Two hundred visiting delegates headed by John L. Sundeen of Minneapolis are present, representing Minnesota, Iowa, Kansas, Missouri, Nebraska and Montana. Most of today's session was devoted to organization.

MADE REPLY TO  
WARNING NOTE

ANSWER OF MEXICO TO UNITED STATES GOVERNMENT.

Decided to Assume Responsibility for Orozco's Acts, Denies Right of U. S. to Deliver Ultimatum and Takes Exception of Communication to Rebel Chief.

Mexico City, April 17.—Mexico to night replied to the warning note sent to it several days ago by the United States government. The Mexican government, declining to assume responsibility for the acts of the rebel chief, denied the right of the Washington government to deliver ultimatum and to assume responsibility for the communication directed to Orozco through Consul Litcher and dismissed the making public of this communication.

The reply was made public by Minister of Foreign Relations Calles. It denies responsibility for the communication directed to Orozco, who is held to be answerable for his offenses only to the Mexican courts and therefore should not have been the recipient of a diplomatic communication.

After setting forth at length the clauses of the Washington note, the minister continued in part:

"By express instructions of the president of the Republic I have the honor to say to your excellency:

"The Mexican government has a full consciousness of its duties and the rules which govern the conduct of civilized nations.

"The Mexican government finds itself in the painful necessity of not recognizing the right of your government to make the ultimatum which the note contains for the reason that it is not based on any incident that should be chargeable to the Mexican government.

"The Mexican government, as its principal duty the suppression of the rebellious movement and the legitimate government of the republic will not be obligated for injury to foreigners, except in the same terms as would the government of the United States if a rebellion existed in its own territory.

"The government of the United States may be assured that it is the firm determination of the Mexican government to observe and to cause to be observed the principles of international law.

"There does not appear sufficient data to suppose that the chief of the government forces have declared that they would execute summarily Americans who may be taken prisoners while fighting on the side of the rebels, but orders have been sent to the military chiefs that if it should happen that foreign subjects should be taken prisoners, these should be treated in conformity with the laws of the republic and of international practice.

"The government accepts responsibilities which should be a charge upon the government, but it refuses and will always refuse to accept responsibilities of other character which any man attempts to impose it outside of these principles.

"My government has taken notice of the communication directed to the rebel, Orozco by order of your ex-

cellency's government.

"The person is guilty of flagrant violation of the laws of the country and is only responsible before Mexican courts.

"The Mexican government and people cannot be responsible, therefore, for the acts of this rebel chief along the lines laid down in the communication which was sent to him by order of your excellency's government."

Throughout the note is couched in courtly terms of admiration for the United States government, compliment following each assertion of the domestic rights of the Mexican government in its own territory.

## SOCIAL EVENTS.

The Queen Esther circle of Grace M. E. church was delightfully entertained Tuesday evening at the home of Mrs. Harry Woods, 844 West College avenue. There were about twenty present and an excellent program was given, consisting of a reading by Miss Richards and two solos by Miss Harold Gay. Following the program and business session a social hour was enjoyed and elegant refreshments were served.

The Misses Mayme, Julia and Katherine O'Brien gave a kitchen rush last night at their home on East Lafayette avenue, in honor of Miss Mayme McBride. A color scheme of yellow and white was carried out and the evening was spent in a social way and by progressive games. Prizes were won by Misses Mamie Shields, Agnes Teedy and Kitty Perry. Substantial refreshments were served and in every way the occasion was most enjoyable.

## CAPTAIN WAS OPTIMISTIC.

New York, April 17.—The night before Captain E. J. Smith of the Titanic left for Europe to take command of the liner he dined with Mr. and Mrs. W. P. Willis of Flushing, L. I. At that dinner Captain Smith, according to Mr. Willis, was enthusiastic over his new command. He told Mr. and Mrs. Willis that it was impossible to sink her. He looked forward to the most successful days of his sea-faring career, and especially dwelt upon the idea that the Titanic's appearance on the Atlantic would mark a high point of safety and comfort in the evolution of ocean travel. He regarded the vessel as one that would keep above the water in the face of the most unexpected trial. Even if easily damaged he said, there need be no doubt that she would reach port.

"From what I know of Captain Smith," Mr. Willis said to night, "he would be the last man to leave the ship if it was sinking."

CITED TO APPEAR  
FOR CONTEMPT

ECHO OF COOK COUNTY DEMOCRATIC CONVENTION.

One Set of Officials to Appear in Court April 24 and Another April 29 and Show Cause Why They Should Not Be Punished.

Chicago, April 17.—An echo of the conflict or court orders Monday which preceded the holding of rival Democratic county conventions by the factions known as the Hearst-Harrison forces and the Roger C. Sullivan adherents came to day with the presentation of a petition to Superior Court Judge McKinley asking that certain officials be cited for contempt of court for violating Judge McKinley's injunction restraining them from interfering with the convention.

The petition was aimed at Judge Owens, who delegated an election commissioner to call the roll at the convention; Election Commissioner Czarniecki, who obeyed the order of the county judge; Sheriff Zimmer, who commanded a force of deputy sheriffs in support of the county judge's orders; and Chief of Police McWeeny and his assistants who directed the police to storm the seventh regiment armory and broke down its doors at the command of County Judge Owens.

Judge McKinley received the petition and entered a rule against those named to show cause April 29, why they should not be held in contempt of court.

The Hearst-Harrison supporters insist that the county judge's order was necessary to secure a fair and just seating of the precinct delegates to the county convention.

The two sets of delegates to the state convention are to present their pleas for recognition to the Peoria convention Friday.

Later Judge Owens ordered Judge McKinley and a number of Democratic politicians to appear before him on April 24 to show cause why they should not be punished for contempt of court. The court's order is based upon an alleged interference offered Election Commissioner Czarniecki, who was appointed to open the Democratic convention. Among those recited to appear by Judge Owens' order are Roger C. Sullivan, Democratic national committeeman; John C. McGillion, who leased the armory for the convention; Attorney Alfred S. Austrian and Col. Daniel Moriarty, commander of the seventh regiment.

Judge Owens announced that he ordered the citations because Czarniecki had appeared to open the convention under court order and the doors of the armory had to be battered down before he could enter.

## LEVEE BROKE.

Arkansas City in Pathway of Flood of Water.

Vicksburg, Miss., April 17.—The Arkansas river levee, 15 miles north of Arkansas City, collapsed to night. Arkansas City is in the pathway of the flood. The levee four miles south of Vicksburg, Miss., broke late to night. The flood will sweep over practically all of Bolivar and portions of Sunflower, Washington, Issaquena and Sharkey counties.

**Purity of Design**

The purity of the design of Berkey & Gay furniture is not the least of its charm.

True to the period it represents there is a satisfaction in its possession that cannot be secured in furniture less worthy.

**LOUIS XVI FURNITURE**

THE style of furniture known as Louis XVI or Marie Antoinette, derives its name from the French monarch and his queen. In design and style it is a sharp contrast to the furniture of Louis XV which just preceded it. Instead of curves and an over-abundance of decoration, are straight lines and simpler ornamentation. The laurel and the oak leaf take the place of the caduce and the twisted acanthus. The Greek band replaces the shell and the fluted column is a constructive part of every piece. The simplicity and style of Louis XVI furniture is such that the demand for it has continued down through two centuries and when it is correctly interpreted it is as suitable in an American home of the twentieth century as it was in a French place of the eighteenth century.

The price of Berkey & Gay furniture is as attractive as the furniture itself.

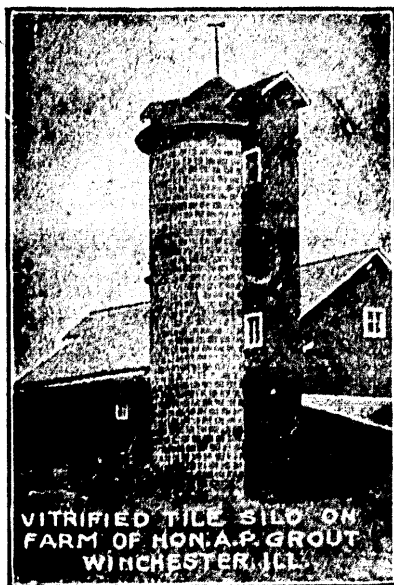

We have an excellent assortment on our floors at the present time, and in addition show in photogravure portfolio form the Berkey & Gay Co's complete line of over 2000 pieces.

## TOWNSHIP TRUSTEES HAVE BEEN NAMED

Men Elected Who Manage School Funds and Settle District Boundaries.

An election for township trustees was held in the various townships of Morgan county last Saturday in accordance with law. The trustees chosen so far as reported to Supr. Montgomery are given below. Reports for 13-11 and 15-12 are made to Scott county so that only 13-9, 16-9 and 14-10 are lacking. One trustee is elected yearly in a township and the main duties of the board are to elect a treasurer and to settle any boundary disputes which may arise. The treasurer handles the money from the districting fund and the money raised for the school district in which he is serving.

## As "Ed" Howe Sees Life

The devil claims that when people are about to make a mistake, he whispers to them: "Don't do that."

If you want your daughters to become good piano players, reverse present conditions; let them practice six hours a day and go to school an hour a day. Learning to play a piano well is more difficult than to learn to read and write.

When a man goes along all right when his wife is away, it is a sign that he doesn't get along very well when she's at home.

It may at least be said of divorced people that they had the courage of their convictions.

When you do a thing because "it is expected of you," it is usually your duty.

What is there in this story that exercise is so good for us? Women exercise less than men, and live longer.

When you receive a compliment, look it over for flattery.

When there is something plainly wrong with a man, and people are not certain what it is, the favorite guess is flits.

A Chicago man offers to teach anyone 16 mail, in an hour's time, to play the piano equal to a music master. Many people will not only buy this system, but believe, after an hour's practice, that they can play as well as anyone. Indeed, I believe that many of the piano players I know were taught by this system.

Only members of the musicians' union have a right to make music, and finally there will be a protest because you whistle.

## PASTORS OF ABILITY.

(Continued)

The people of Jacksonville have been very fortunate in securing a pastor for the several fields of church work during the past year, including the Salvation Army.

Rev. Howard French, of the State Street Presbyterian church, was the first of the new comers and has made a place for himself in the hearts of the people. Rev. W. E. Spooner, of the Northminster church, accompanied with his stirring evangelistic efforts and temperance addresses, has been of great public benefit. It seemed impossible ever to secure a man to take the place of Rev. R. E. Thrapp, especially upon the line of civic reform, and yet Rev. Mr. Darsie is evidently making good and has proved equal to the emergency. The Rev. J. V. Whiting was equally popular with his people, but his congregation are carried away with the Rev. W. L. Dorgan.

The time had come in the history of Brooklyn church, when there must come from some source an evangelist, a pastor, and everything in that nature that could be asked for has been found in the person of the present incumbent, the Rev. Henry S. Alkire.

Grace church, with all her past history of conquest and victory with her newly equipped building, needed a teacher, and a pastor, and a pastor's helper. Dr. J. W. Miller has come to his people with all the advice of a fine preacher and an element of faith and courage which carries inspiration and power. The new orchestra in the Sunday school, and the large chorus choir, successfully led by Mrs. Miller, the pastor's wife, the Junior League on Sunday afternoon, the attendance running above sixty and the increase in attendance at Sunday school, tell a story of their own.

Captain Ziegler, of the Salvation Army, has won his way among the people by a consecrated life, and already has harvested souls in Jacksonville for eternity.

## GOEHEM DIVORCE CASE.

The divorce case of Julia Goehem vs. Lyeurgus Goehem will be heard Monday, April 22, in the circuit court at Pittsfield. Mrs. Goehem will be represented by Attorney Munson of Pittsfield. Many of those who appeared as witnesses in the trial in the local court will be called to Pittsfield to give testimony. Sheriff Roemer served a number of subpoenas Wednesday and has others yet to be served.

**FOUNDED** **CLUB** **FOR** **HIM.**  
There is a rough time in store for the little boy whose antics have led his distracted parents to this appeal for assistance through an advertisement in an English paper:  
"Nurse.—Wanted, a robust, God-fearing Scotch nurse, who can teach the shorter catechism and has a working knowledge of the business side of a slipper, to take charge of a four-year-old boy who has a double dose of original sin."

## A Great Blow.

A western financier was talking to a Washington reporter about a financial deal that had ended disastrously.

"It was too bad," said the reporter.  
"Too bad?" said the financier, with a grim smile. "Oh, 'too bad' is not strong enough to fit the case. 'Too bad' is ludicrous. It suggests the farmer who when his wife and family were killed by a cyclone said it was a 'great blow' to him."—Exchange.

## No Emancipation.

"And so you are an ex-slave," said the traveler in the south. "How interesting! But when the war was ended you got your freedom."

"No, sir," replied Uncle Rastus. "Ah didn't get no freedom. Ah was married."—New York Times.

## An Improvement.

Mrs. Winks—So you have taken another companion for better or worse, eh? Mrs. Second Trip—One for better, my dear. He can't possibly be worse than the other one was.

## Not Envious.

Mrs. Kicker—The Ellingboes have a Corot in the dining room.  
Mr. Kicker—That's nothing. We have a Van der Goyen in the kitchen.—Sat.

## FRIDAY IS ARBOR DAY.

Trees Will Be Planted on Grounds of Many Illinois Schools.

Tomorrow is arbor day in Illinois and it will be widely observed this year by both city and county schools. F. G. Blair, state superintendent of public instruction, issued, sometime ago 40,000 copies of the Arbor and Bird Day book and requests came from so many superintendents that thousands more copies were needed. Eighty-five county superintendents and 300 city superintendents asked for the books. Arbor day is observed especially for the benefit to the schools and school property. Although this has been the practice for years there are still 1,210 school yards in the state which are treeless. On the other hand 4,256 school yards in the state which are treeless, need for trees Superintendent Blair says:

"Where trees will not grow, where birds will not nest and rear their young and sing their songs, there man cannot or will not live and work and play. Like the cloud and the stone, he may exist there, but he cannot live and rejoice in living. Whether upon the arid stretch of the western desert or in the desolate places of our great cities, the human nostril pants for the breath of greening things; the ear aches for the wild burst of woodland song and the heart breaks and dries up for want of sweet communion with God's ministering angels, trees and birds."

"Blessings on the man who carries the gospel of light and joy and salvation into the dark and desolate places of the earth. Blessings on him who touches wood and stone, and iron into forms of beauty and loveliness. But a special blessing upon him who helps to fill the desolate places of the world with spreading branches and singing birds; who heals the sick heart of humanity with a touch of nature's healing; caught from the great overhanging oak or from the potent virtue of the robin's song."

"Blessings, many blessings, on him who by planting trees and harvesting them creates forms of beauty and loveliness and carries joy and healing to all mankind."

Superintendent Montgomery receives each year copies of the Arbor Day booklet, which he distributes and does as much as possible to awaken among pupils interest in trees and birds.

## SUNDAY SCHOOL CONVENTION.

Bible School Workers of Jacksonville Precinct to Meet Sunday.

The annual convention in the interests of the Sunday schools of Jacksonville precinct will be held in Centenary M. E. church next Sunday, commencing at 2:30. For several weeks Carl H. Weber, the precinct president, has been in touch with some of the most noted Sunday school experts in the middle west and expects to have a man present who will give the people of Jacksonville the most advanced and up-to-date ideas of Bible school work. The meeting will open with a song service in charge of a competent leader and several musical numbers have been arranged for.

These conventions have been productive of much good and it is the intention of those having the arrangements in charge this year to eclipse all previous efforts and appeal particularly to the men and women of the churches, who have not taken an active interest in Sunday school work. A complete program will be published in the Journal within a few days. The association comprises all the Sunday schools of every denomination in Jacksonville and surrounding territory known as the Jacksonville precinct, the officers for 1912 being Carl H. Weber, president; Miss Flora Hall, secretary, and Dr. T. O. Hardesty, treasurer.

## "HOLY GROUND."

W. T. Badgett, member Coleman Post No. 500, Mt. Vernon, Ill., says he was long bothered with his kidneys. "Their action was irregular and caused much distress, with a constant dull dragging pain in my back. After taking Foley Kidney Pills my kidneys have been restored to normal action and the pains dispelled. I recommend them to my friends and fellow comrades." City Drug Store, J. A. Obermeyer.

B. M. Taylor was in the city Wednesday to attend the Republican congressional convention and also visited at the home of his son, Carl Taylor on East North street.

## California Raisin

Day

APRIL 30th

We received a number of good receipts for using raisins from the California Raisin Growers. This is one of them:

## RAISIN BREAD.

PRIZE RAISIN BREAD. Soak one yeast cake in one and one-half cups of potato water; mix in enough flour to make a stiff batter; beat five minutes. Let stand over night. In the morning, add two cups of sweet milk, into which put one rounded tablespoon Cottoleone, one tablespoon salt, three tablespoons sugar. When milk is lukewarm, mix with the yeast; add enough flour to make a stiff batter; beat about ten minutes; let rise. When sufficiently raised, add two kneaded until dough is smooth; mix; add more flour and cups seeded or seedless oats; let rise. Make into loaves and bake one hour. When baked wet top of loaves with sugar and hot water to prevent the crust becoming hard. You can have the other receipts for the asking.

## Oh, How I Itched!

What long nerve-racking days of constant itching—what sleepless nights of restless tossing—what a torment! I had tried everything, but nothing seemed to help. I was almost driven to despair. Then I heard of D.D.D. and I tried it. Instant relief—my skin cooled, itching stopped. I was saved!

The very first drop of D.D.D. Prescription for Itching stopped that awful itching instantly. Yes, the very moment D.D.D. touched the burning skin the feeling ceased. A few bottles proved it. D.D.D. has been known for years as the only absolutely reliable, genuine remedy for itching. It takes away the itch AT ONCE, it cures you not a cent.

Les P. Allcott, Druggist E. S. S.

## A FINE BEGINNING.

A recent copy of the Hutchinson (Kan.) News has a glowing account of the opening and dedication of a new convention hall. The governor was present and other celebrities and all were enthusiastic over the progress made by the city, especially during the past six years. There are 3,800 seats in the convention hall and it is estimated that at the evening gathering there were at least 5,000 persons present. Speaking of the program the paper says: "Jeffries' Hutchinson band rendered a number of selections. This was the first public appearance of the new city band and Director Jeff-

ries and his band were given a great ovation. The big meeting had an inspiring close, when the audience joined in singing 'America,' led by Jeffries' band."

Lame back is usually caused by rheumatism of the muscles of the back, for which you will find nothing better than Chamberlain's Liniment. For sale by all dealers.

Mrs. John L. Waddell and son John Jr., of Decatur returned home yesterday after a pleasant visit with her parents, Mr. and Mrs. S. O. Shuff of West North street.
